[aarya-portfolio-kohl.vercel.app](#)

Summary

AI/ML Engineer with production experience building LLM pipelines, multi-agent systems, and high-throughput APIs. Currently building **WhatsCRM** (WhatsApp CRM with OpenAI semantic search) and **Jenna** (AI financial coaching app) at **OyeLabs Technologies**. Previously architected **AutoStream Agent** at ServiceHive — LangGraph + FAISS + Groq LLaMA — **cutting RAG latency 95%** (200ms → 10ms). Built concurrent trading systems at PrimetradeAI and shipped **19 production AI automation workflows**. Fluent in **AI-augmented development**: Cursor, GitHub Copilot, and Claude used daily, from spec to production. Actively seeking full-time global roles — open to relocation worldwide and visa sponsorship.

Experience

OyeLabs Technologies

AI Automation Intern

Remote, India

04/2026 – Present

WhatsCRM & Jenna — Production AI Products

- Engineered **WhatsCRM** — WhatsApp CRM pipeline: webhook ingestion → **OpenAI text-embedding-3-small** → Supabase vector store → AI reply suggestions; idempotent upsert with **zero message loss** under high throughput.
- Developing **Jenna** — AI financial coaching app with conversational LLM interface, budget analysis, and personalized goal-tracking (**LangChain, FastAPI, Supabase**).
- Building production **n8n AI automation workflows** for enterprise clients using LangChain, Gemini, Pinecone, and Supabase.

Fiverr

Freelance AI Developer

Remote, India

06/2026 – Present

AI Automation, Agents & ML Solutions

- Offering AI automation workflows, LangChain/LangGraph agents, RAG systems, and ML models to clients worldwide.
- Profile: fiverr.com/rajaaryan779

PrimetradeAI

Python Developer Intern

Remote, India

2026

Binance Futures Trading Bot

- Engineered CLI trading bot executing **HMAC-SHA256 signed REST API** calls with sub-second order placement; implemented crash recovery and **asyncio.Lock concurrent serialization** for zero duplicate orders.

ServiceHive

AI Agent Developer Intern

Remote, India

2026

AutoStream Agent — Social-to-Lead Agentic Workflow

- Architected **AutoStream Agent** using **LangGraph state machines + FAISS vector search + Groq LLaMA 3.3 70B** for real-time lead qualification from social signals.
- Reduced RAG query latency by **95%** (200ms → 10ms) via **FAISS IndexFlatIP** with cached sentence-transformer embeddings.

Elevate Labs

AI Intern

Remote, India

2025

Stock Price Prediction

- Built **LSTM forecasting pipeline** with engineered features (MA, RSI, lag) on financial time-series data, outperforming baseline linear models.

Projects

AEO Diagnostic Tool

FastAPI · Gemini 2.5 Flash · OpenRouter · Vercel

github.com/rajaaryan779/aeo-diagnostic

- Concurrent multi-LLM engine querying 3 models simultaneously to score product AI-search visibility (0–100 AEO score). **Shortlisted Top 25 for Pixii.ai founding engineer role.**

Grid07 — Cognitive Routing & RAG Engine

LangGraph · FAISS · Groq · Python

github.com/rajaaryan779

- 3-phase AI system: FAISS persona router → LangGraph content engine with **JSON-enforced output** → adversarial-hardened RAG with **prompt injection defense**.

DreamHome

FastAPI · Next.js · PostgreSQL · Leaflet · JWT

github.com/rajaaryan779/Real-Estate-software

- Full-stack real estate platform with interactive maps. **JWT token caching cut auth validation from 15ms to <1ms** (93% reduction). Alembic zero-downtime migrations.

AI Automation Suite (19 Workflows)

n8n · LangChain · Pinecone · Whisper · Gemini

github.com/rajaaryan779/n8n-workflows

- Enterprise RAG pipeline (Drive → Pinecone → Gemini), multi-agent bots with **per-user memory namespacing**, WhatsApp/Telegram integrations, Whisper voice transcription.

Rlook — AI Virtual Try-On (In Development)

Next.js 15 · Three.js · MediaPipe · FastAPI

github.com/rajaaryan779

- Real-time 3D body segmentation and clothes overlay in-browser using **WebGL and body pose tracking** — no existing web product does this without a native app.

Skills

AI & LLM Technologies:	LangChain · LangGraph · FAISS · Pinecone · Sentence-Transformers · RAG · TensorFlow · Keras · Scikit-learn · NLTK · NumPy · Pandas
LLM Models:	LLaMA · Gemini · Claude · GPT-4o · Mistral · Qwen · DeepSeek · Whisper
AI-Augmented Dev:	Cursor · GitHub Copilot · Claude Code · Prompt Engineering · Agentic Workflows · Amazon Bedrock
Languages & Frameworks:	Python · TypeScript · JavaScript · SQL · C · C++ · FastAPI · Flask · NestJS · GraphQL · REST APIs
Data & Infra:	PostgreSQL · SQLAlchemy · Prisma · JWT · asyncio · Supabase · n8n · Webhooks · WhatsApp API · Telegram API
DevOps & Tools:	Next.js · React · Tailwind CSS · Git · GitHub Actions · Vercel · Linux · Docker · Postman

Education

Pimpri Chinchwad University	Pune, India
B.Tech, Computer Science Engineering (AI & ML)	2024 – 2027
2nd Prize — PCU InnovateX (Engineers' Day 2025)	
K.K. Wagh Polytechnic	Nashik, India
Diploma, Artificial Intelligence and Machine Learning	2021 – 2024

Certifications

- Claude with Amazon Bedrock — Anthropic (2026) verify.skilljar.com/c/mi62wwe5n6hi
- Red Hat OpenStack Administration I — Red Hat (2026) credly.com/badges/3115833a-4a07-4cf9-ac22-855f007a5914
- Foundations of Cybersecurity — Google | Coursera (2025) coursera.org/verify/MGIHIZWCAA54
- Django Web Framework — Meta | Coursera (2025) coursera.org/verify/2Z1HXMQV496N
- Full-Stack Dev with Django — Coursera (2025) coursera.org/verify/8H5EJ8YA8FLW
- Data Visualization & Tableau — Coursera (2025) coursera.org/verify/HLG8LN0RGMUK
- Data Visualization with R — IBM | Coursera (2025) coursera.org/verify/KK5D9Z83S068
- Python Programming — University of Michigan | Coursera coursera.org/verify/O960T7F3KVLN
- Python & Generative AI — Udemy
- AI Automation with n8n — Udemy
- Deep Learning & CNN — Udemy
- Flask API Development — Udemy
